

PROTECT

NEXT LEVEL OF CUSHIONING

The new definition of the sport-inspired performance safety shoe line MOTION PROTECT is the perfect symbiosis of cushioning, energy return and design. A new feature is the sole construction with the innovative IMPULSE.FOAM® midsole with anti-fatigue technology for work without tiredness. Due to this new material, the wearer feels the highly comfortable shock-absorption during walking with simultaneous dynamic and stability.

1 RUBBER OUTSOLE MOTION

The 300°C heat resistant HR0 rubber outsole is inspired by the latest running shoe technology. The anti-slip sole profile with its diagonal flex grooves ensures optimum flexibility and maximum traction (SRC). The innovative IMPULSE.FOAM® midsole in two different densities provides maximum cushioning, excellent stability and additional comfort.

2 TORSION CONTROL ELEMENT

The TPU torsion control element in the middle of the sole supports the natural flexing action of the foot while walking and provides a better support and stability for the feet.

3 FIBERGLASS TOE CAP

The fiberglass reinforced composite toe cap offers more space for the toes, is lighter than a common steel cap, antimagnetic and thermally insulating.

4 ESD

ESD-capable safety shoes must be worn when electrostatic charges must be reduced by discharging.

64.385.0 **VELOCITY 2.0 BLUE LOW** S1P ESD HRO SRC

Protection fiberglass cap and flexible FAP® midsole
Plus ESD, metal free, toe cap protection, heel support, quick lacing system, extra pair of laces in the box
Upper durable microfibre with TPU strengthening
Sizes 39 - 48

63.388.0 **VELOCITY 2.0 YELLOW MID** S3 ESD HRO SRC

Protection fiberglass cap and flexible FAP® midsole
Plus ESD, metal free, toe cap protection, reflective elements, heel support
Upper high quality smooth full leather with TPU strengthening
Sizes 39 - 48

64.386.0 **XCITE GREY LOW** S1P ESD HRO SRC

Protection fiberglass cap and flexible FAP® midsole
Plus ESD, metal free, toe cap protection, heel support, quick lacing system, extra pair of laces in the box
Upper SAFETY KNIT®
Sizes 39 - 48

64.384.0 **VELOCITY 2.0 BLACK LOW** S3 ESD HRO SRC

Protection fiberglass cap and flexible FAP® midsole
Plus ESD, metal free, toe cap protection, heel support, quick lacing system, extra pair of laces in the box
Upper high quality smooth leather with TPU strengthening
Sizes 39 - 48

63.387.0 **RUSH 2.0 MID S1P ESD HRO SRC**

Protection fiberglass cap and flexible FAP® midsole
Plus ESD, metal free, toe cap protection, heel support
Upper durable textile with TPU strengthening, collar and dust tongue
 out of stretch fabric for sock-like fitting and easy entry
Sizes 39 - 48

64.380.0 **PACE 2.0 YELLOW LOW S1P ESD HRO SRC**

Protection fiberglass cap and flexible FAP® midsole
Plus ESD, metal free, reflecting elements
Upper leather with breathable textile inserts
Sizes 39 - 48

64.389.0 **FUSE MOTION 2.0 RED LOW S1P ESD HRO SRC**

Protection fiberglass cap and flexible FAP® midsole
Plus ESD, metal free, toe cap protection, quick lacing system, extra pair of laces in the box
Upper Sandwich-Mesh with FUSE.TEC® elements
Sizes 39 - 48

64.388.0 **FUSE MOTION 2.0 GREEN LOW S1P ESD HRO SRC**

Protection fiberglass cap and flexible FAP® midsole
Plus ESD, metal free, toe cap protection, quick lacing system, extra pair of laces in the box
Upper Sandwich-Mesh with FUSE.TEC® elements
Sizes 39 - 48

The revolution in performance safety footwear.

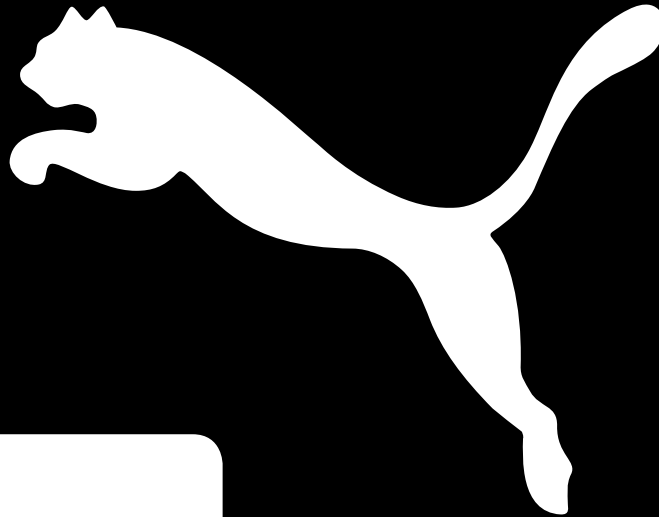

The innovative IMPULSE.FOAM® anti-fatigue sole technology reacts to each of your steps with an energy impulse. Thereby the IMPULSE.FOAM® does not only return the energy, but also provides maximum cushioning, excellent stability and long-lasting comfort.

For fatigue-free work and constant high performance.
